Compatible with other Public Administration supports

The Transformation Line XesGalicia

The Transformation Line is a new line of finance offered by XesGalicia, which will be provided with

30 million euros

Will finance business projects in Galicia, based on a strategy of productive, organizational or corporate transformation

Phases

ANALYSIS

Information Collection and Analysis, special attention to the review of the transformational value.

Setting of a
Transformation Plan
for the company, in
collaboration with an
independent consultant.

INVESTMENT

In the form of equity or loan (without guarantees), maximum limit of €5M per operation.

The final cost will have a bonus in case of compliance with the Transformation Plan.

MONITORING

Quantitative and qualitative support throughout the operation.

Independent review by the consultant about the level of compliance with the Transformation Plan.

EXIT

Maximum duration of 8 years.

Return of the initial investment.

Increase in the competitiveness and dimension of the Galician productive and business environment.

OBJECTIVE

Encourage business transformation processes by providing long-term financing and specialized strategic support.
